Genesis 1:1 In the beginning God created the heaven and the earth.

John 1:1-3 In the beginning was the Word, and the Word was with God, and the Word was God.

The same was in the beginning with God.

All things were made by him; and without him was not anything made that was made.

Hebrews 1:1-3 God, who at sundry times and divers manners spoke in time past unto the fathers by the prophets.

Hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds;

Who, being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power,

when he had by himself purged our sins, sat down on the right hand of the Majesty on high.

THE EARTH

Humanity, in his never ending quest to eradicate God from our society, will go to any length. Debating with the scientific community, the evolutionist, and the Marxist, is a waste of time, and only leads in circles.

SCIENCE: The word science means knowledge; to know; the state or fact of knowing.

Therefore, the way to debate with this group of people is not by stating what we believe, but by asking questions based on knowledge.

According to scientific studies, it is 3,605 miles to the center of the earth. The core of the earth is roughly 795 miles. This core is highly compressed molten iron. (1500 degrees)

of 45,000 mph, it rotates on it's axis every 23 hours, 56 minutes, and 4.1 seconds. (based on a solar year)

The earth travels around the sun on it's orbit once every year, at a velocity of 66,000 mph.

QUESTION: If the earth is over 3 billion years old, why has the core, which is molten iron of at least 1500 degrees, which we believe it is, from the many volcanoes, not melted through to the top of the surface by now?

QUESTION: How has the earth maintained it's orbit around the sun, at the same rate of speed, for just one year, let alone 3 billion years?

QUESTION: At the speed the earth is traveling why does nothing seem to be effected?

miles, and the diameter is roughly 8,000 miles.

QUESTION: If the circumference is 25,000 miles, and the earth rotates on it's axis every 24 hours, then it rotates at a speed of approximately 1,040 miles per hour. Why is it nothing seems to be affected by this amazing speed? (by the way, which is faster than the speed of sound)

ELEMENTS CREATED BY GOD

FOR A PURPOSE

WATER: In 1804 a French chemist and a German naturalist jointly demonstrated that water consisted of two volumes hydrogen and one of oxygen: Thus the present day formula of H_2O .

Water is the major constituent of all living matter. (50 – 90 %)

According to science, the world itself is $\frac{2}{3}$ water.

Water can be found in three states; liquid; solid; (ice, snow) and gas. (condensation)

The human body, and animals, is made up of 85% water and 15% mineral. Or, the elements of the earth. All plant life is made up of water.

Water is used to generate electricity, which is called hydroelectric.

Water is found in the hydrological cycle, which produces rain, and etc.

NOTE: see the center fold of this short booklet.

Water is the major ionizing agent. Most all things are soluble in water.

Water is a cleansing agent. That is why Christ refers to His Word as water. (John 3:5 4:10-14 13:10 15:3 Ephesians 5:26 1 John 5:6-8)

We drink water, we put out fires with water, and water gives life.

evolutionary process did hydrogen and oxygen, two of the most flammable gasses, decide to become water?

QUESTION: Throughout the history of the earth how does hydrogen and oxygen continue to mix and maintain water?

AIR: Scientific definition = Atmosphere = mixture of gases surrounding any celestial object that has a gravitational field strong enough to prevent the gases from escaping especially the gases that envelope the earth.

The atmosphere, air, is made up of 78% nitrogen and 21 % oxygen and the other 1% is various other elements.

This is the same atmosphere the Bible calls the first heaven. (Genesis 1:6,8,20)

This atmosphere is 78% nitrogen, 21% oxygen, and the other 1% is a mixture of various elements.

Once again, there is a mixture of two of the most explosive elements of nitrogen and oxygen.

Nitrogen is used to make explosives such as dynamite and nitroglycerin. All of which, when subjected to oxygen are volatile.

The Bible states that the earth is man's dwelling place and he is bound to it, while God gives man life and breath. (Acts 17:25-28 Psalm 115:16)

Once we leave the earth's atmosphere we would explode like a balloon.

Scientists claim the atmosphere maintains the same level of elements at 55 miles above sea level, and the ozone layer begins 20 miles above sea level.

OZONE: The ozone layer protects humanity from the rays of the sun. Natural ozone is the effect of the sun rays on oxygen, and science states it is kept stable by naturally occurring nitrogen.

by the gravitational pull of its mass, dominates the planetary system that includes the earth. By the radiation of its electromagnetic energy, the sun furnishes directly or indirectly all of the energy supporting life on earth, because all foods and fuels are derived ultimately from plants using the energy of sunlight.

Scientific observations; The sun has been studied by men such as Galileo, (1611-) Sir Isaac Newton, (1666 -) and many others, using the early telescope and the spectroscope.

The result of their studies show the following.....

The radius of the sun is about 432,500 miles.

The sun is 93,000,000 miles from the earth.

Temperatures of the sun are... 29,000,000 degrees F at the center.

9300 degrees F at the surface.

The chromosphere is about 54,000 degrees F.

The corona is about 1,800,000degrees F.

It is important to note that scientists are continuing to make new observations with new instruments and advanced technology.

The most important observation made is that the sun is made up of the primary element of hydrogen, (71%) helium (27%) and other elements. (2%)

There is much more we could quote concerning scientific research concerning the sun, such as energy generated and so forth, but space is limited, and it is unnecessary.

Nevertheless, scientists claim the sun has been in this state for 4.5 billion years, and will last for another 4.5 billion years.

The models scientists have developed are termed theoretical.

intention to debate those who reject God, Christ, and His word. It is our goal to question those who adhere to theories as truth, specifically when those theories call the Bible a lie.

Concerning the sun.....

Observations from the Bible

Genesis 1:14,15 And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years.

And let them be for lights in the firmament of the heaven to give light upon the earth; and it was so. (ref. Gen. 1:16-19 should be read)

God set the sun, the moon, the stars, and the planets in outer space, (the second heaven) for lights, signs, seasons, days and years.

Blessed of the Lord be his land, for the precious things of heaven, for the dew, and for the deep, coucheth (stretcheth) beneath,

And for the precious fruits brought forth by the sun, and for the precious things put forth by the moon.

Even science agrees with the Bible concerning the sun, the moon and even the universe. However, they disagree on its origin.

QUESTION: The planets have maintained their course and their orbits in perfect unison (according to science) for billions of years. How is that possible with evolution?

QUESTION: What if the sun and the earth deviated off course, lets say, 100,000 miles? What would happen?

The scientist would say gravity keeps things on course.

gravitation developed by Sir Isaac Newton in 1684 is to far beyond this writers pay grade, and too complicated for me to understand.

However, to put it simply, it states, “the property of mutual attraction possessed by all bodies of matter and proportioned by the size of these bodies.”

The earth, the moon, and the sun, all have a gravitational pull.

The moon, a natural satellite of the earth, is one fourth the diameter of earth, yet, the gravitational pull at the lunar surface is one sixth that of earth. If the mass of the earth is 81 times greater than that of the moon, none of this seems mathematically logical.

WHY?

The universe is in perfect harmony no matter how science explains their conclusions.

create, and maintain fire. It is fuel, heat, and oxygen.

Without oxygen nothing will ignite and burn. This is a scientific fact.

QUESTION: If there is no oxygen in outer space, how has the sun, which is a very large fire, burned for what the scientist calls 3 to 5 billion years?

QUESTION: How do the scientists determine the heat at the surface of the sun, let alone the core of the sun?

SODIUM: Pure sodium is a gel like substance. It must be kept in kerosene, or something similar, in order to be stored. If you take a small 'piece' of sodium and toss it onto a surface of water, and will dance around on the surface and burst into violent flames.

Yet ordinary table salt is 1/3 sodium.

Solar Flares

The Earth in Cross Section

water without exploding? Most of the surface water on planet earth is salt water.

We believe in science. Scientists have made amazing contributions to society.

However, we only accept science that is based on facts and knowledge. We do not accept so called science based on theories. A theory is not a fact unless proof is provided.

The evolutionary scientist believes the universe came into existence from an explosion in outer space. The 'theory' is that all matter was compressed into a small ball until the pressure became so great it finally exploded into the universe as we know it.

NOTE: We really do not know it! Scientists are constantly finding new revelations.

Remember, science is the fact of knowing.

QUESTION: If the earth began with an explosion, why were the explosive elements not destroyed?

Doesn't it seem logical that hydrogen, nitrogen, and sodium would explode?

If the earth is made up mostly of water, then does it not seem logical, that hydrogen and oxygen would have to come together in the original explosion? (the big bang theory)

We have a right to question science if it does not seem logical.

How does science know how large the core of the earth is?

How do they determine the heat at the center of the sun?

How do they explain gravity by simply stating it is a mathematical equation of mass?

THE ARCHITECT OF CREATION

The Christian who believes in the Bible, naturally believes in a divine creator.

However, it is really not wise to debate the evolutionist. Rather, as we stated at the beginning, we should simply ask questions.

Unlike the scientist who believes blindly in evolution, we should be able to prove why we believe what we believe. We should not think we know, we should know we know, and why we know what we believe.

At the end of this short booklet we will show how we can know without any doubt.

Animal and plant life, the universe, and all things in the universe, are so complex, there would never be enough time to evolve.

The Bible states, *"In the beginning God created the heaven and the earth."*

Concerning the Lord Jesus Christ the Bible states

John 1:3 All things were made by him; and without him was not anything made that was made.

John 1:10a He was in the world, and the world was made by him.....

unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds.

Jesus Christ is the ultimate architect and the supreme scientist. He created all things.

Hebrews 1:3 Who, being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high.

Not only is Christ the architect of creation, He upholds all things by His Word.

He spoke and all things were created. (ref. Psalm 33:6-9 50:1 148:5 Isaiah 45:12)

In Job 38:1 through 41:34 the Lord questions Job and asserts His omnipotent power. He states He is the designer of all things.

Job 38:2 Who is this that darkeneth counsel by words without knowledge.

This sounds like our present day society that rejects the Word of God, and ‘theorizes’ the process of evolution.

Job 38:4-6 Where wast thou when I laid the foundations of the earth? Declare, if thou hast understanding.

Who hath laid the measures of it, if thou knowest? Or who hath stretched the line upon it?

Whereupon are its foundations fastened? Or who hath laid its cornerstone?

If you have ever built anything, you know the foundation must be perfect. It must be level, square, and plumb. If not, the finished structure will be out of kilter.

The universe works in perfect harmony, and has been since the Lord spoke, and commanded it into existence.

He laid the line upon it, and measured it, and fastened its foundation.

Not only did the Lord create the earth, and man upon it, He also laid the foundation for man's salvation. (Hebrews 5:9 12:2)

Jesus Christ, the Son of God, who was God made manifest, had already planned His birth, life, death, burial, and resurrection. And He recorded it in the Bible for all to read.

He died, was buried, and rose again, for the forgiveness of sin. All we must do is believe He did that for our sin and the debt is paid.

THE FUTURE

There is a price to pay for denying our creator, and calling Him a liar.

2 Peter 3:3-7 Knowing this first, that there shall come in the last days scoffers, walking after their own lusts.

And saying, where is the promise of his coming? For since the fathers fell asleep, all

things continue as they were from the beginning of the creation.

For this they willingly are ignorant of, that by the word of God the heavens were of old, and the earth standing out of the water and in the water,

By which the world that then was, being overflowed with water, perished.

But the heavens and the earth which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men.

Notice Peter said, “they are willingly ignorant.” Kent Hovine states that means, “dumb on purpose.”

Peter also states the heavens and the earth are kept in store by the word, and reserved for judgment of fire and perdition of ungodly men.

Then in verses 10 through 13 Peter states the heavens and the earth and the elements will melt with fervent heat and be burned up.

Then there will be new heaven and earth and righteousness will dwell in the heavens and earth. (also Revelation 21:1,2)

Someday, Christ will gather together His Church. We call it the rapture.

Then there will be seven years of the wrath of God, the tribulation. Then Christ will set His kingdom upon the earth for one thousand year.

At the end of the 1000 years He will judge all those who reject the truth, that is those who were “dumb on purpose,” and then finally, the new heavens and earth.

CLEANSING BY FIRE

It should be easy to see how the Lord will unleash fire upon the earth and the elements will be burned up with fervent heat.

Remember the elements all things are made of.

WATER: Hydrogen and oxygen. Two extremely flammable gasses.

AIR: Nitrogen and oxygen. Two flammable gasses.

SODIUM: An extremely flammable substance, yet it is the major element in salt.

SUN: Hydrogen and helium

EARTH: Mostly water, which is made up of hydrogen and oxygen. The center of the earth is a molten mass which could explode at any minute; Yet, it is held in store by Jesus Christ the Lord and His Word.

QUESTION: If the world began with a big bang, and the earth and all life is mostly water, which is hydrogen and oxygen, why did these explosive elements not explode in the so-called big bang?

WE KNOW WHAT WE KNOW

The Bible states it is the Word of God, and Jesus Christ is God manifest in the flesh.

Is this a fact or a theory? It would be foolish to debate the theory of evolution with another theory.

THREE HISTORICAL FACTS

Fact # 1 The Hebrew Bible, what we call the Old Testament, was complete by 400 B.C.

Fact # 2 The Hebrew Bible was completely translated into the Greek language by 100 B.C. It was called the Septuagint, which means seventy, because of the seventy translators.

Fact # 3 Jesus, no matter what you think of Him, was a literal historical figure. He is mentioned in history books and even the Quran.

Jesus Christ the Lord fulfilled some 300 Old Testament prophecies.

His birth, life, death, burial, and resurrection.

Therefore, the Bible must be His Word, and He must be God. No human being can predict their own birth, let alone their death, and the type of death.

Christ was born 400 years after the Old Testament was complete, and 100 years after it was translated into the Greek language.

The scientist can deny the Bible, and the God of the Bible if they like, but they cannot deny reality.

Personally, I will believe any scientific discovery if they show me proof.

Only a fool is willingly ignorant, or, as Kent Hovine would say, "Dumb on purpose."

Hydrological Cycle
